## The Patent Disclosure and Licensing Declaration Template for Specific IPR Disclosures

<https://datatracker.ietf.org/ipr/new-specific/>

This document is an IETF IPR Disclosure and Licensing Declaration Template and is submitted to inform the IETF of a) patent or patent application information regarding the IETF document or contribution listed in Section IV, and b) an IPR Holder's intention with respect to the licensing of its necessary patent claims. No actual license is implied by submission of this template. Please complete and submit a separate template for each IETF document or contribution to which the disclosed patent information relates.

If you wish to submit your IPR disclosure by e-mail, then please send it to [ietf-ipr@ietf.org](mailto:ietf-ipr@ietf.org). Submissions made by e-mail that do not comply with the formal requirements of Section 6, "IPR Disclosures," of [RFC 3979](#), "Intellectual Property Rights in IETF Technology", will be posted, but will be marked as "non-compliant".

Fields marked with "\*" are required.

**C. If an Internet-Draft or RFC includes multiple parts and it is not reasonably apparent which part of such Internet-Draft or RFC is alleged to be covered by the patent information disclosed in Section V(A) or V(B), it is helpful if the discloser identifies here the sections of the Internet-Draft or RFC that are alleged to be so covered:**

Section 4.3

**The Patent Holder states that its position with respect to licensing any patent claims contained in the patent(s) or patent applications disclosed above that would necessarily be infringed by implementation of the technology required by the relevant IETF specification (“Necessary Patent Claims”) for the purpose of implementing such specification, is as follows (select one licensing declaration only):**

- a) No License Required for Implementers**
- b) Royalty-Free, Reasonable and Non-Discriminatory License to All Implementers**
- c) Reasonable and Non-Discriminatory License to All Implementers with Possible Royalty/Fee**
- d) Licensing Declaration to be Provided Later (implies a willingness to commit to the provisions of a) above to all implementers; otherwise, the next option “Unwilling to Commit to the Provisions of a),b), or c) must be selected).**
- e) Unwilling to Commit to the Provisions of a), b), or c) Above**
- f) See Text Below for Licensing Declaration**

c) Reasonable and Non-Discriminatory License to All Implementers with Possible Royalty/Fee

**Licensing information, comments, notes or URL for further information**

Above licensing declaration is limited solely to standards-track IETF documents

**The individual submitting this template represents and warrants that all terms and conditions that must be satisfied for implementers of any covered IETF specification to obtain a license have been disclosed in this IETF disclosure statement.**

The individual submitting this template represents and warrants that he is authorized by the Patent Holder to agree to the above-selected licensing declaration.
